Portfolio Construction

The TOPS Growth Portfolio seeks to provide capital appreciation by investing primarily in ETFs and other index-based vehicles that invest in corporate and government fixed income securities, common and preferred stocks, real estate, and natural resources securities. The TOPS Growth Portfolio places a greater emphasis on equity, real estate, and natural resource investments than fixed income investments, and has less emphasis on fixed income investments than the Moderate Growth Portfolio. The TOPS Growth Portfolio may be appropriate for investors with long-term investment time horizons who are willing to accept relatively high volatility in exchange for potentially higher returns.
